lowing remarks; Since the origin of our establishment, we have had in riew, and have strictly adhered to three distinct purposes in our manufactures, viz : Economy in price, Improvement of quality and taste, and the perfecting a STANDARD OF FASHIONS FOR THE UNITED STATES, independent deat of the European, all of which have been successfully effected, resulting in a most important saving to the community at large, and an equally satisfactory remuneration , ourselves, consequent upon the extensive patrouage hich we have received.

Our improved FIVE DOLLAR HATS, so superior in material, elegance of style and perfect finish, that immedialely upon their introduction, they became not only preeminest at home, but celebrated in London and Paris, and elicited the highest encomious of the Press there, soon superieded the \$10 Hats previously worn here by the first class of our citizens. This article, now fully established as the highest standard, is so extensively known and univer sally approved by the fashionable and genteel wearers and true economists, that we will not now allude further to its merits, except to announce that we have improved its beauty and value the present season beyond any that we have -retofate produced.

At the orgent selicitations of many of our customers, who were anxious to economise in the first cost, and yet desirous to avail themselves of the peculiar style and finish characteristic of our fabrics, we have for some time past made dili gent efforts to accomplish their wishes, and consequently have just perfected the new article of Hats as announced above. They will be composed of superior materials, the workmanship will be of the first order, and although felly equal to Hats formerly retailed at \$6 and \$7, they will be sold at \$3,62\frac{1}{2} each, a price not only commensurate to the present pecuniary depression, and far less than their intrinic worth, but infinitely cheaper, when the respective quali ties are compared, than any which have ever before beer

offered to the public.

Purchasers are assured, in advance, that these Hats will not incur the objection, viz: " dear at the price," currently argued against most low priced goods. LEARY & CO. Astor House, Sept. 15th, 1842. o3 6tis

If Hats of the Fall Style are now ready. The model for the season is a slight modification of the prevailing Paris mode. ! SPENCER'S Sales Room.

September 1st. Tr Orlando Fish, Fashionable Hatter, 157 Broadway, would inform the gentlemen of New York that his Fall and Winter style of Hats is now ready far their inspection and critical Judgement. Claiming the distinction of having been the first to project and abide by a strictly ANERICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perceive that others have seen fit to follow his lend, and that now the following of European Fashions in Hats is almost entirely abandoned by the leading manufacturers.

He offers a Winter style of Gentlemen's Nutria Hats a

\$3.50, and warrants them equal in material, finish, fashion and durability to any Hat sold as low as \$4 in the city. But he wishes it distinctly understood that his best Hats are not sold at this price, but at \$4 50. There he recommend sequal to any but sold in New-York at \$5 or under, and challenges for them a comparison with any other.

Gentlemen visiting our city are respectfully invited to call and examine his new stock of Winter hats and judge of their quality. He is confident that, whether the cheapest or

the bat Hat is desired, the inquirer will here be satisfied.

Try him. (\$2011) O. FISH, 157 Broadway. Ir Spencer's Emitation Molestin Mat.

This popular article is commended to the public as pecalarly desirable, at the present time, for its economy. For degance and durability, it competes successfully with the mest costly Hats worn. Price \$8 25. SPENCER, al6 II Fashionable Hatter, No. 245 Broadway. D Hats! Hats! Bank!-FALL FASHION.-

The subscriber invites the attention of the Beau Monde was beautiful, gracetul, and tasteful loss beli-crowned flat being the only really lishlipmable article of the kind extant boughthe cannot expect but imitators will spring up, and dum he benefit of his own original conceptions. Te say that these Hats surpass any thing of the kind in point of style, finish, and graceful appearance, is to claim senter than is warranted by an experience of twenty year, as the luminess, and the luminess. in the business, and he invites gentlemen who study grace and tashion, to call and examine for themselves. A large assortment of Traveting Trunks, Carpet Bags. Hat Cases, and, in fact, every thing necessary for a gentleman's traveling outfit, may also be found at E. BLOOMER'S, 179 Broadway

opposite floward's Hotel Treal Fushion Lines now rendy—Watson's the Bats, only \$2.50, are recommended to the public no only for economy but as possessing all the elegance of contact of the most costly; combining utility with beauty; the mar of the most costy; the arising utility with beauty; the arising cannot fail to commend itself to the commisseur as well as economist. Also, Moleskin Hats, at \$3.00; Beavers at \$4.56; Cassimere and Nutria Hats, at \$3.50 each; these are his standard prices, and he need only remark that by comming himself to one quality and price for each descrip tion of hats, be is enabled to furnish a superior article prices far below those at which Hats of the same descrip-tion are now winding by other manufacturers.

A steady and permanent increase of patronage for the hat? years is a sufficient indication of public judgement, and constitutes the best test of their merits. Whilesale and retail, at WATSON'S, 154 Chatham-st.

No greater mistake can be made than to suppose that Dyspepsia, or any other disease arising from debility, can be cured by a trequent forced action on the bowels, by purgative medicines.
